

Minister Terrance A. Bridges

Biography

The founder and Chief Executive Officer of Kingdom Force International Ministries, Inc. is Minister Terrance A. Bridges. He is a graduate of Taylor University, holding a B.A. in Pastoral Ministries with minors in Christian Education and Biblical Studies. He has also received his M.A. in Executive Development for Public Services from Ball State University.

At 15, Minister Bridges became licensed to preach at Union Missionary Baptist Church in Muncie, IN. He currently serves there as an associate minister, backed with the strong support of his wife, Camille, and two loving children, Amari and Terrance II.

Minister Bridges created Kingdom Force as a ministry dedicated to evangelism through medical, material, and spiritual relief for already established missionary organizations and for people who are in need throughout the world. Kingdom Force has already conducted successful missions to Africa and throughout the Caribbean.

His ministry also extends to the realm of music. Since 2002, Minister Bridges has been performing and recording gospel music, releasing two full-length albums: *The Worshipper's Heart* (2003) and *The Waters of Worship* (2006). Together with the choral group NuPraiz, Minister Bridges promotes the message of Kingdom Force throughout the United States.

While his interests vary, his primary passion remains to work with children and youth ministries to forcefully and powerfully advance the message of Christ and His kingdom. Under his leadership, Kingdom Force is equipped and prepared to do just that.
